

## Lyman Cruisette For Sale

"I want it to go to one of the Lyman guys," says Connecticut NELG member Bill Allard. For sale is Bill's 1967 26' Cruisette that is powered by a fresh water-cooled 270hp 350 Chevy V8 with a Volvo Penta AQ 271A transmission. The engine has a recently new dual exhaust system with a raw water intake filter. The engine box and after deck have been lined with noise absorption composite material.

It has a Monel shaft with a packless sealing system, an extra large rudder, and a new prop. It has a polyethylene fuel tank with fuel filter, and the oil filter is in a raised position for easy access.

The helm has Morse controls, a compass, and a Fathometer depth finder. The boat comes equipped with two bilge pumps, two bilge blowers and a port-o-potty.

The hull has recently been stripped to bare wood and is currently painted a dark blue. It has fiber glassed decks, and a blue Bimini top with a stainless frame. Also comes with a full tan colored cockpit cover with side and aft curtains. The boat comes with a full compliment of cushions including those for the V-berth, dinette table, cuddy cabin, engine box and aft seat.

The full package of accessories are too many to list, but a teak swim platform, a stainless and teak swim ladder, a folding, mahogany cockpit boarding ladder are included. Asking \$8,800

Serious inquires contact Bill Allard at 860-663-2244 or [sandyallard1@aol.com](mailto:sandyallard1@aol.com).
